**2017 Executive Bonuses**

On February 8, 2018, the Compensation Committee of the Board of Directors (the “Committee”) of Diodes Incorporated (the “Company”) approved the payment of a cash bonus to certain executive officers of the Company for their services rendered in fiscal 2017 pursuant to an executive bonus formula adopted by the Committee on February 21, 2017.

The cash bonus for each executive is based on a multiple of that executive’s salary and consists of two components: a Company-wide performance component which accounts for 80% of the bonus; and an individual performance component which accounts for 20% of the bonus. The Company-wide performance component is based on achievement of a revenue target and a non-GAAP earnings per share target, which are weighted 70% and 30%, respectively. The performance targets were selected from a stockholder-approved list. The individual performance component is based on the Committee’s assessment of the individual’s overall performance.

If the Company achieves the Company-wide performance targets and the executive achieves his individual performance objectives, the executive will be entitled to receive 100% of his target bonus. Achievement of 80% of the performance targets and 100% of the individual objectives would result in a bonus equal to 50% of the target bonus, and achievement of 120% of the performance targets and 100% of the individual objectives would result in a bonus of 200% of the target bonus. Achievement of less than 80% of the performance targets or less than 100% of the individual objectives would result in the payment of no bonus, and achievement of more than 120% of the performance targets would not result in the payment of a bonus of more than 200% of the target bonus.

In December 2017, based upon (1) the unaudited results of operations of the Company for the nine months ended September 30, 2017, (2) the projected results of operations of the Company for the three months ended December 31, 2017, and (3) the performance of each executive officer toward their individual performance objectives, the Committee approved the payment of 80% of such target bonuses on or before December 31, 2017. On February 8, 2018, the Committee, based on the actual performance of the Company and performance of individual objectives determined the actual bonuses to which each executive officer was entitled for fiscal 2017 and approved the payment of the balance of the bonuses after the filing of the Company’s 2017 Annual Report on Form 10-K.

For 2017, the Committee awarded cash bonuses to the Company’s principal executive officer, principal financial officer, and three other most highly compensated executive officers (collectively, “NEOs”) as follows:

Name	Position	Company Wide	Individual Objectives	Total
Keh-Shew Lu	President and Chief Executive Officer	\$ 1,176,998	\$ 294,249	\$ 1,471
